

Roses We Love to Grow

These are some of the roses we, the members of the Greater Atlanta Rose Society, love to grow because they grow well in our North Georgia climate. They were selected by a vote of the membership. Those in **boldface type** received the greatest number of votes. For more information on how to select, purchase, plant, and grow great roses, contact a member of the Greater Atlanta Rose Society. Find us on Facebook (Greater Atlanta Rose Society) or at www.atlantarose.org

Most of us members of the Greater Atlanta Rose Society spray our roses for diseases and pests. For some varieties, it is necessary to spray in order to grow the very best roses. But what if you wish to grow roses but elect *not* to spray for pests and diseases? Here is a list of recommended...

Roses that will grow well in Georgia under no-spray conditions:

Wedding Bells, Beverly, Plum Perfect, Dark Desire, Winter Sun, Savannah, Claire Austin, Soul Sister, Mother of Pearl, The Poet's Wife, Carefree Beauty, Marchesa Boccella

For a list of GREAT places to buy roses, both online as well as locally, see the reverse of this page.
